

CUBE

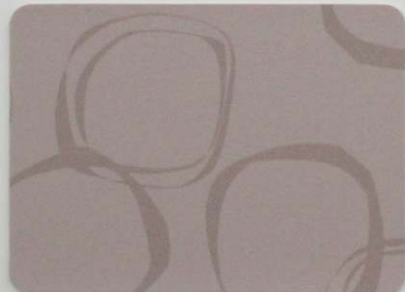

Duck Egg

Introducing the Chieftain Cube range for 2012/13. This contemporary pattern is available in 5 colour ways and has been designed to complement the Casco range of plain colours. Cube retains all of the benefits and attributes of the Chieftain range and is suitable for any application where performance, durability and appearance are paramount.

Don't forget that this design can be colour matched for any bespoke project. For more information on bespoke projects, please contact us at www.chieftainfabrics.com

Chieftain MultiStretch has been developed to offer the benefits of a traditional vinyl – cleanability, wipeability and durability – with the comfort and flexibility of a fabric.

MultiStretch is the premier eight way stretch product in the market, making it ideal for pressure relief seating. It offers a Crib 5, fully antimicrobial, extreme performance solution for customers who require the highest levels of comfort from their seating, for the most demanding of environments.

Should you have any questions about the care and maintenance of MultiStretch, please get in touch with us at www.chieftainfabrics.com
